

CREDNHILL PARISH COUNCIL

Risk Assessment

Risk assessment is a systematic general examination of working conditions, workplace activities and environmental factors that will enable the Parish Council to identify all potential inherent risks. The Parish Council, based on a recorded assessment, will take all practical and necessary steps to reduce or eliminate the risks, insofar as is practically possible.

This document has been produced to enable Credenhill Parish Council to assess the risks that it faces and satisfy itself that it has taken adequate steps to minimise them.

FINANCIAL AND MANAGEMENT

Subject	Risk(s) identified	H/M/L	Management/control of Risk	Review/Assess/Revise
Precept	Adequacy of precept for the Council to carry out its Statutory duties Reliance of rental income to reduce precept.	L M	To determine the precept amount required, the Council regularly receives budget update information monthly. At the precept meeting Council receives a budget report, including actual position and projected position to the end of year and indicative figures or costings obtained by the Clerk. With this information the Council maps out the required monies for standing costs and projects for the following year and applies specific figures to budget headings, the total of which is resolved to be the precept amount to be requested from Herefordshire Council. The figure is submitted by the Clerk in writing. The Clerk informs the Council when the monies are received. A 3-month notice period is in place to give time to find another tenant. Nonessential projects can be reduced in the year or reserves used from long term projects to infill any short-term shortfalls, if no tenant is found then the precept would need to be adjusted in the following year to cover running costs and a review of the asset completed.
